

GET READY FOR A REVOLUTION

Get more, save the planet, and waste nothing.

This Chardonnay is fresh, vibrant, and reflective of all wines coming out of this viticultural area. Unoaked imparting zero wood flavor, this wine is crisp, light and refreshing with a full enough mouth feel to pair with chicken and fish but floral enough to turn up on the porch all by itself.

Varietal: Chardonnay

Appellation: Clarksburg AVA, CA.

County: Yolo County, CA

ABV: 14.4%

Growing methods: Certified sustainable

Ageing: 17% New Oak, 83% Stainless Steel

WHAT ARE WE ALL ABOUT?

We have always had a heart for the lifeblood of restaurants and hotels - the people. They are hardworking, smart, engaged individuals who bring passion to everything they do. Once you are part of this family, you always will be.

You don't turn your back on family. Our plan is to create a new footprint in the wine business – kegs to consumers through restaurants and hotels.

We are linking arms with the entire community. Miracle One is a bridge between small producers, family owned wineries, and the independent restaurant community.

KEGS FOR A BETTER PLANET

Most people have an image in their mind when they think of kegs. It generally looks like the massive, heavy beer containers at parties.

Wine keg technology has become quite advanced and is the most environmentally friendly wine delivery mechanism on earth. Our kegs are light, slim containers that hold 28 bottles of wine. It is preserved fresh and ready to use for 90 days from the day it is first tapped.

This keeps 28 bottles of glass out of our landfills for every keg used. Every keg is completely recyclable. Layer in ease of use, cost savings, and convenience, kegs are the obvious solution to the restaurant establishment, and eventually, the home.
